Peer Teaching

You will be “practice” teaching at each Asana Intensive.

In-depth Yoga Study & Basic Teacher Certification Training Curriculum Project/Presentation

Each student must design a specialized yoga class. You will be choosing a specific age (seniors, etc.) or orientation group (beginning, intermediate, etc.) in which to gear your class. Write a two-page outline of exactly what, how and why you would teach the given poses. Prepare an “in-class” presentation, approx. 20 minutes, sharing a section of your class with the group.

Final Exam

A comprehensive “fill-in” test on the accumulative information presented throughout the 27-week period will be given during the final week of meeting. This will include: postures names written in English for you to translate to Sanskrit, basic Anatomy fill-in terms and questions about the weekly topic presentations.
